

Fiddleback

Australian Hardwood

Introducing our unique Fiddleback engineered Australian Hardwood long plank & herringbone collections.

It's available in the ever popular Spotted Gum and Blackbutt species. Fiddleback wear layers combine the classic features of our Australian Eucalyptus bonded onto a structural Plywood core. This creates an authentic Australia timber visual with the associated stability guaranteed by an engineered plywood construction. Available in the resource efficient **0.6 mm Micro-veneer** or the **traditional 3.0 mm sawn cut** wear layer. All thicknesses provide excellent durability for residential & multi-residential use.

Surface finishes include smooth or light wire brushed textures, pre-finished with European water based multi-coat PU lacquer. All sizes display Micro-bevel 4 sides to enhance the natural plank visual.

Fiddleback Collection Engineered Australian Hardwood Flooring

| Description | Scotia & Trims | Size | Sqm | Ctns / Pallet | Micro Bevel |
|---|----------------|-------------------|-------|---------------|-------------|
| Blackbutt, Smooth S-Gloss, 0.6mm Click | Blackbutt | 1860x136x12/0.6mm | 1.771 | 77 | Yes 4 Sides |

| Blackbutt, H'Bone Brushed Matte, 3mm TG | Blackbutt | 430x86x14/3.0mm | 0.666 | 99 | Yes 4 Sides |

Key Features: Extremely stable with excellent wear resistance, Spotted Gum is **Janka 11kN** and Blackbutt at **9.1 kN**.

Structure: Genuine Australian Eucalyptus wear layers over a stable Plywood structural core.

Grade: Long Planks & Herringbone are Standard & better, will display natural characteristics such as knots, filled voids and gum vein. Slight checking in wear layer is acceptable. **Rustic grade** displays all that is unique about our wonderful Australian Hardwoods with knots and dark resin filled splits, pinhole and contrasting colour tones, along with spiral grain & fine saw marks for that enhanced rustic appearance.

Coating & Surface: PU Semi-gloss, approx. 40% gloss level for smooth face. **PU Matte**, approx., 10% gloss level in both brushed and smooth face matte.

Profile: Patented Uniclic format for floating or direct fix installation. **Herringbone & Rustic** are Tongue & Groove only. All profiles are Micro Bevelled edges, 4 sides. **Cartons:** Long plank contain nested combination shorts.

Slip Resistance: AS/NZS 2013 **R9 & P2** for Semi-Gloss, **R10 & P3** for Matte. **VOC Emissions** < **E1** (Below World Health Organisation Levels).
